

2.2.21

T: Can I touch type with my left hand?

Year 3

Unit 3.4 Lesson 3 — practise keys with the left hand.

Today we are going to...

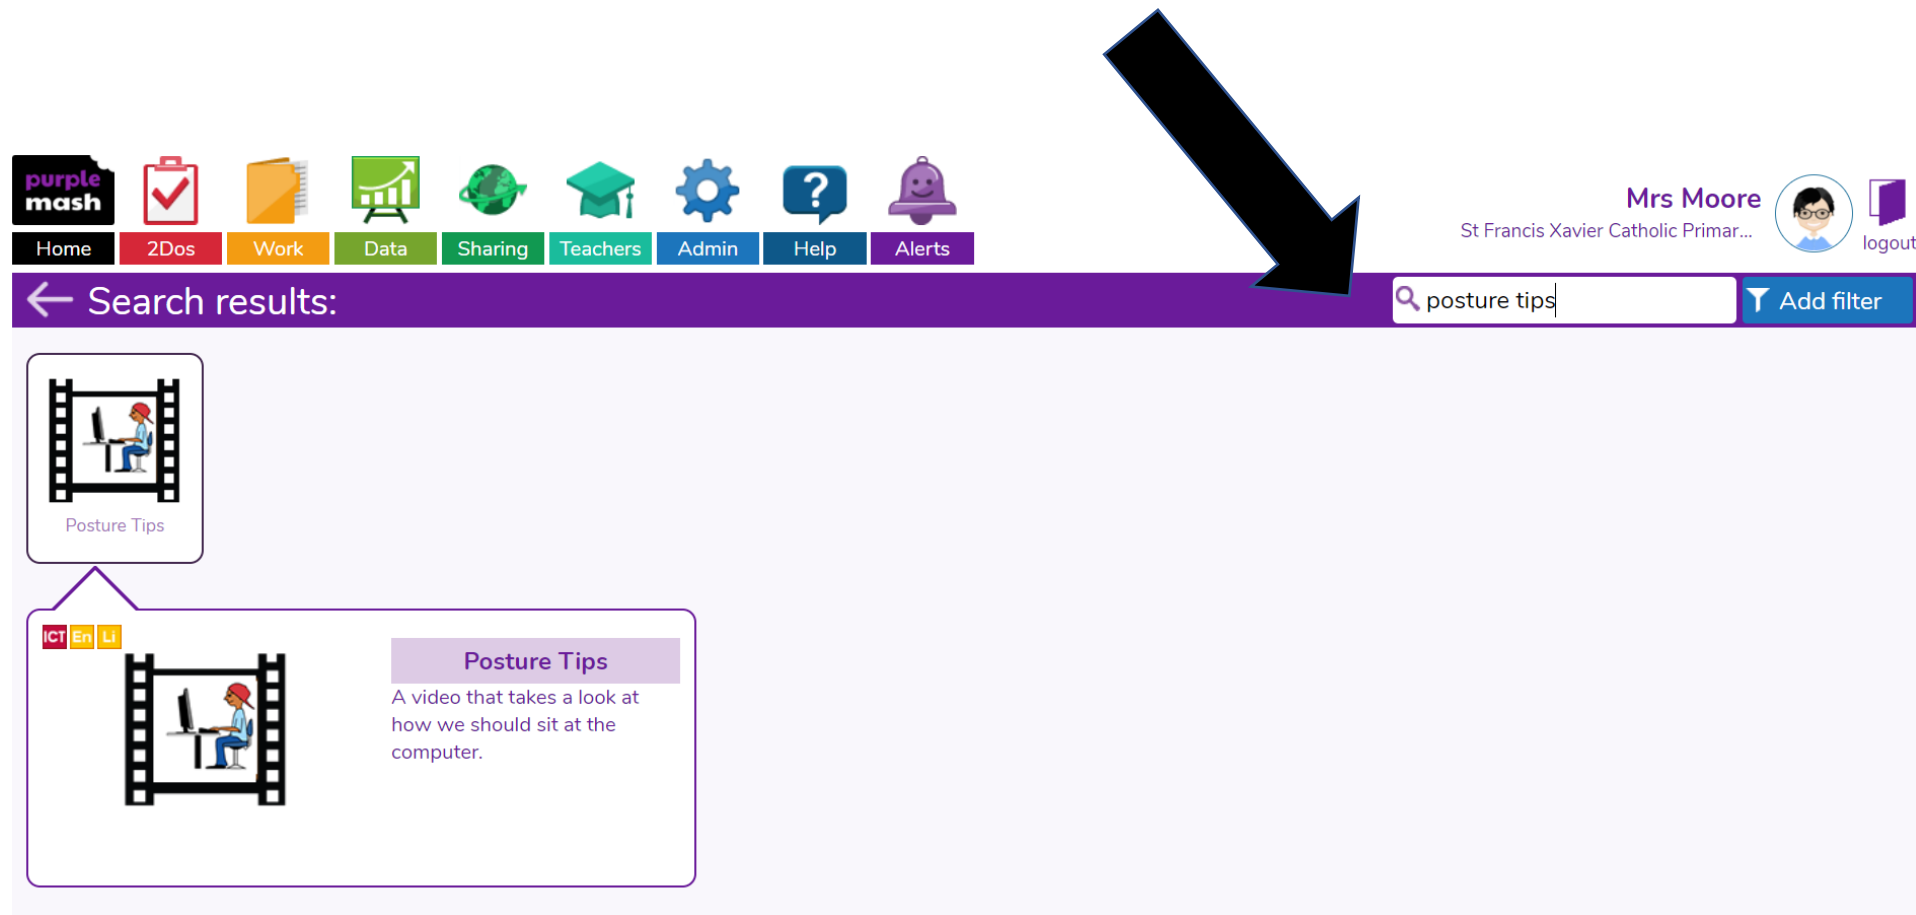

- . practise using the left hand to type keys.

I hope you are finding that all this practising is making you quicker at typing.

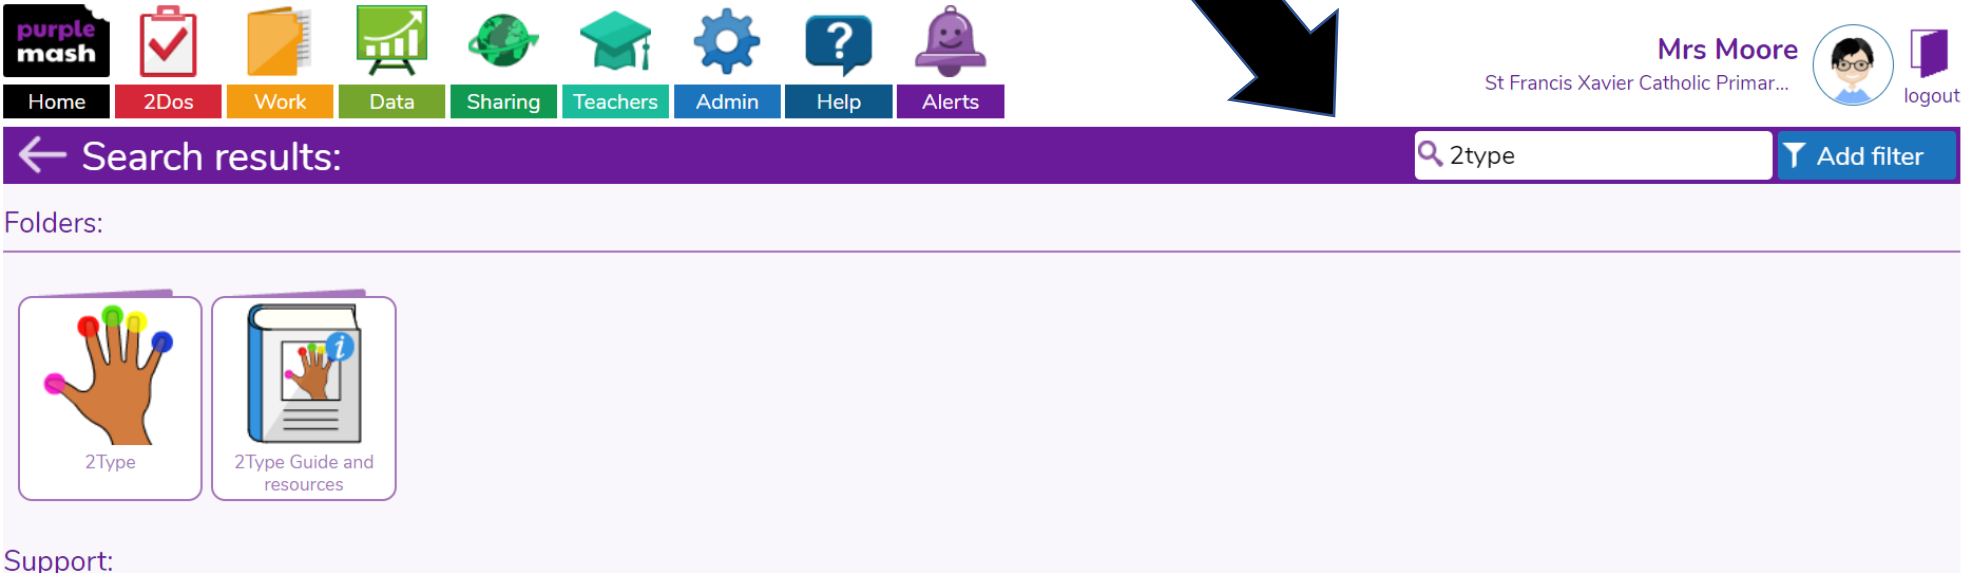

Follow the instructions and complete the 2DOs on Purple Mash in the correct order today to start typing WORDS (not just letters) with your left hand.

If you want to watch the video again, in the search bar type 'posture tips' then, click on and watch the video to make sure that you are sitting correctly.

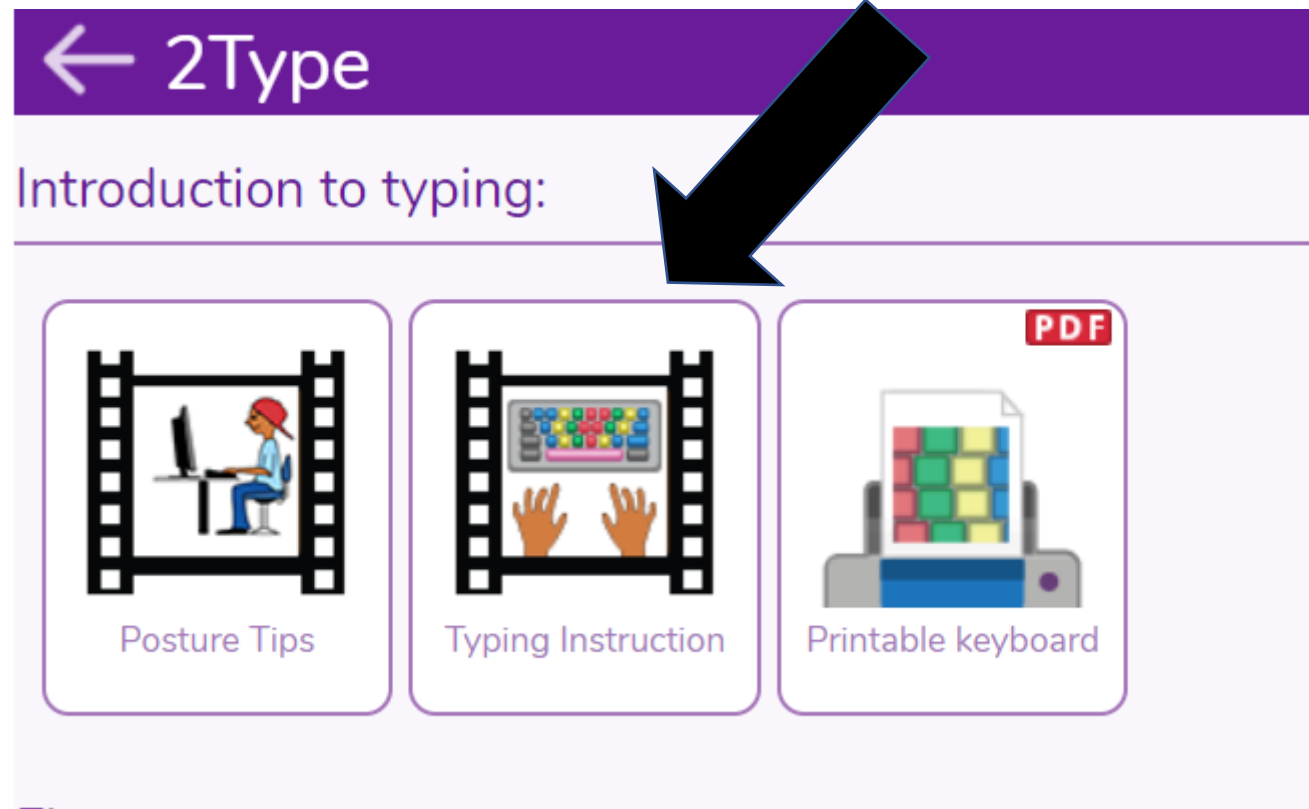

The screenshot shows the Purple Mash interface. At the top, there is a navigation bar with icons for Home, 2Dos, Work, Data, Sharing, Teachers, Admin, Help, and Alerts. On the right, the user is identified as Mrs Moore from St Francis Xavier Catholic Primary, with a profile picture and a logout button. A search bar contains the text 'posture tips' and an 'Add filter' button. Below the search bar, a search result for 'Posture Tips' is displayed. The result includes a video thumbnail showing a person sitting at a computer. A callout box provides more details: 'Posture Tips' is a video that takes a look at how we should sit at the computer. The result is categorized under ICT, En, and Li.

Then, in the search bar type '2type' then, click on the 2Type hand icon .

The screenshot shows the Purple Mash interface. At the top, there is a navigation bar with icons for Home, 2Dos, Work, Data, Sharing, Teachers, Admin, Help, and Alerts. On the right, the user is identified as Mrs Moore, St Francis Xavier Catholic Primar..., with a profile picture and a logout button. Below the navigation bar is a search bar containing the text '2type' and an 'Add filter' button. The search results are displayed under the heading 'Search results:'. Under the 'Folders:' section, there are two items: '2Type' (represented by a hand icon with colored fingers) and '2Type Guide and resources' (represented by a document icon with a hand and an information symbol). A 'Support:' section is visible at the bottom left. Two large black arrows are overlaid on the image: one points from the top text to the '2Type' folder icon, and the other points from the top text to the search bar.

Click on 'Typing Instruction'. The video will show you which finger you use to type each letter if you need a reminder.

Now, go to your 2DOs and select the 'left little' finger, 'left third', 'left middle', then 'left index' exercises.

Keep a record of your score in your book, or on a piece of paper to see how you improve.

You can have as many attempts as you like to improve your typing. 😊

This is tricky, but the more you practise, the better you will get!

Keep trying.
