Q: How is medical care different today from the past?

Today we will be Investigating things that are **different**, and things that are the **same** between medical care now and in the Victorian times.

A Victorian Nurse

These two pictures show a nurse from Victorian times (when Florence Nightingale was a nurse) and a nurse from today.

What is the same in both pictures?

What is different in each picture?

Draw a grid in your book like the one below to record what you can see.
(Or print off and complete the work sheet on Teams or the class home learning page on the website)

A Nurse today

Same	Different

These pictures show the hospital ward in Scutari in 1854 when Florence Nightingale worked there, and a modern hospital ward that we have today.

The hospital at Scutari

A modern hospital

What is the same in both pictures?   **What is different in each picture?**

Draw a grid in your book to record what is the **same** and what is **different**.
(like the one you did to compare the two nurses on the last slide)

Or print off and complete the work sheet on Teams or the class home learning page on the website
